FALL SESSION

August 14th-November 18th

Welcome to our **Theatre Training Program**. We offer classes for **Young Actors, Teen Actors and Adult Actors** through each Studio program. We offer many sessions throughout the year as well as one day master classes with Industry Professionals. Our goal is to plant seeds that will continue to grow throughout the journey of our student's theatre studies. We are helping create good honest habits in their acting work as well as building confidence and depth. We are different than others around. We are not about the "big shows," we are about the process and training, so when it is time for our students to do their "FINAL SHOWCASE", our students are ready with habits that they can maintain for life. Quality theatre artists will emerge from our program.

"The deeper you dig, the more you find. It's all about the training!"
